

COVID-19

OUR STEPS FOR YOUR SAFETY

Following Government guidelines we have taken these safety measures:-

New signage and floor stickers to remind everyone about social distancing

- A one-way Entrance and Exit system where possible
- Marked areas for takeaway and collection

Tables have been moved to ensure social distancing is in place between guests

- Tables are not set before you arrive
Our team will bring you cutlery and glasses when you order
- We thoroughly clean every table and chair between customers

Hand cleanliness is a priority

- Hand sanitiser is freely available for all of our customers
- Our menus are now single-use
- Payment machines are fully sanitised between every use.
- Following government guidelines staff will not be wearing gloves but will be washing their hands frequently using hot water and plenty of soap.

We are cleaning more often throughout the day and high contact touch points and toilets are our top focus!

Also following government guidelines, for non-medical situations, staff will not be wearing masks (unless they wish to) but will be adhering to the above measures to prevent any virus spread as much as possible.

Please speak to a member of staff if you have any specific questions or queries regarding any of the above measures
